

Cover letter

I plan to be in Toronto this month. So we can have a meeting to talk about cooperation. Our modeler can do your 3d model of for sale banner in high resolution.

Here is his previous works:

https://drive.google.com/drive/folders/1cqo8lcwGZnnDxs84mwgoy9_NHpiUypk6

For real estate market we also have this product:

<http://happyuser.info/?page=panorama>

We are company specialized on 3d for web.

So we do WebGL, most cases with three.js, and also some connected technologies as node.js server side development, Java, Android and IOS.

And here are our most relevant projects to your topic:

3d presentation room for illumination company

<http://lcl.happyuser.info/#/explore/3d>

And here are web and mobile APP for image recognition for AR

<https://play.google.com/store/apps/details?id=de.visionlab.showcase.android>

and web3d editor online <http://happyuser.info/index.php?page=augmented3d>

<https://www.webvrtool.com/>

You can create WebVR experiences using our WebVR Editor and export it as a 360 Web page and/or generate a 360 video to share.

Here are all our projects in this sphere:
