

Cover letter**Dear HR Manager.**

I have solid experience in developing websites with PHP5, PHP7, CSS3, Javascript, jQuery, Bootstrap, AngularJS and Laravel, Codeigniter framework. Front-end is my strongest side, I specialized in React and Node.js (Express framework). I use PHP, Python and Node.js for backend development and know how to scale it in the right way to achieve max performance.

----- You can have a look the websites what I have created-----

<https://www.boxed.com/> (React.js development)

<https://www.lighter.world/>(React.js development)

<http://quote.painterly.ie>(React.js development)

<https://www.autozama.com> (simple, but clean website with Laravel framework 5.5)

<https://www.bellalang.com> (wordpress-woocommerce shopping website development with strong theme customization skills)

<http://ec2-54-89-153-228.compute-1.amazonaws.com/>(React.js Laravel boilerplate website)

<http://165.227.151.29:4443/> (Leaflet, PostGIS, PostgreSQL, React.js Node.js web application)

<https://www.russiancupid.com/> (Developing backend with Laravel Spark and AngularJS, optimization, updating of front-end and back-end of the webstie)

<http://truelovejapan.com/> (dating website development with websocket chat integration that raised the performance 10 times)

<http://www.weddswell.com/> (wordpress theme customization with provided graphic design)

I would look forward to the opportunity to work with you.
Thank you for your time and consideration.

Best regards.
Taras.
