http://thinkbrick.happyuser.info/workshop/?brick_set=26552

2. Augmented reality online 3d scene builder
http://happyuser.info/?page=augmented3d

What is your task?
Please provide a link to your portfolio
http://happyuser.info/?page=webGL
This role requires very good English and communication skills. Please kindly confirm
here whether you are a native speaker or have fluent English. Thank You
We have a native speaker manager who can work with you. He is Canadian. Also one of
our developers is from Netherlands and has academic level of English.
My English is also good enough to understand you and to speak my mind.
